The learning and support needs of all students is assessed upon entry into their course. Information to make this assessment is gathered through the information provided by the student on the application and/or enrolment forms, through LLN, discussion with the student during their induction/orientation to the course about how to access the support services. All support services information will be regularly reviewed to ensure it is current and accurate. Adequate academic and student support staff to student ratio would be maintained. In an event of any support sessions having student numbers exceeding the above-mentioned ratio for academic and language support, the support sessions will be divided into groups, with each group being allocated different support sessions, with no group exceeding 1:15 ratio. Additional trainers and assessors or language teachers (ELICOS) will be sourced to ensure high quality support services are being provided to the students.
