Assessment Methodology

The LMS program utilise a range of assessment methods to ensure comprehensive evaluation of student learning and development. Assessment methods may include written questions or assessments, practical, group projects, report writing, projects, presentations or role plays. Through a combination of these methods, we ensure that the students receive comprehensive feedback and opportunities for growth throughout their learning journey in the LMS program.

Employment Pathways?

Graduates of our Leadership & Management Stream (LMS) program are prepared to pursue a wide range of leadership roles across various industries. Potential employment pathways include, Team leader/supervisor, managerial positions, consultant/advisor, senior management positions, business owner or entrepreneur. With a strong foundation in leadership theory and practical management skills, LMS graduates are equipped to excel in diverse career paths and make a positive impact in their chosen fields.

Further Study Pathways?

After completing the Leadership and Management Stream (LMS), individuals can pursue a Bachelor's degree in Business and Management for a more comprehensive understanding, subject to meeting the entry requirements of the intended qualifications.

Course Structure:

The Leadership & Management Stream (LMS) program is structured to provide students with a comprehensive understanding of leadership principles and management strategies. The program consists of two key qualifications,

- Diploma of Leadership and Management (52 Weeks)
- Advanced Diploma of Leadership and Management (52 Weeks.)

Throughout both qualifications, students will engage in a blend of theoretical learning and practical exercises designed to develop their leadership capabilities and management expertise. With a focus on real-world applications and industry relevance, the LMS program prepares graduates to succeed in dynamic and evolving organisational environments.

**The entire duration of this LMS is 104 weeks or 2 years, and enrolment with a reduced duration as specified above in the weeks in contingent on completing the 120 weeks LMS package at AIA. Individual qualifications typically take longer to complete if the student chooses to pursue them alone. AIA cannot guarantee a shorter length if the student has earned qualifications elsewhere, as the units may not be the equivalent to provide the requisite credits. For additional information, please contact AIA.
